

## Play Group

### DESCRIPTION

The Bundaberg & District Neighbourhood Centre operates a free playgroup experience for young children aged 0 to 5 years of age.

### INCLUSIONS

The play group operates during school terms every Tuesday between 9:30 am and 11:30 am.

Located at the rear of the centre, the play group provides parents with a safe and secure area to play with various toys, a sandpit and with other children.

The play group is constantly supervised by a centre staff member who ensures the safety of all children attending the play group.

Complimenting this activity is the play van that is operated by the centre.

The play van currently travels to Alexandra Park every Friday morning and at times, to other community events as required throughout the year.

### ELIGIBILITY

Parents, siblings, grandparents and carers with children from 0 to 5 years of age who are new or existing migrants, or other members of the community looking for a safe and secure play group area.

The play van can be booked and hired for other specific events upon negotiation with the centre staff.
